

Online
**MASTER OF EDUCATION IN HIGHER
EDUCATION**
M.Ed.

Become a campus leader.

College and university campuses are exciting, innovative communities that present rewarding career opportunities. Inspire students, build and nurture programs, grow and retain enrollment and make a positive impact on the livelihood a higher learning institution.

The online Master of Education in Higher Education, with an emphasis in college student affairs and concentrations in enrollment management or conflict resolution, is designed to prepare you for a professional career in a broad range of higher education settings, whether you are looking to enter the field or advance your present role. This degree also serves as a foundation for a higher ed-related doctorate.

Our online M.Ed. program incorporates faith-based principles and experiential learning that leads to a well-rounded understanding of the higher education landscape, including resource management, legal and ethical considerations, diversity, student development, spiritual formation, and assessment and evaluation.

Ready to be a part of an online program that will lead to a rewarding career? Contact us for more information today.
